We have not yet discussed, but I would like you to be the R9 rep on this sub-group they are talking about.

Subject: FW: update on CA AE work?

Hi David,

The database topic is on today's national AE call. I know we are all busy. I would expect Jill to be pressing on this again soon. And Peter mentioned our vulnerability on all this. I know we are thinking about an in person meeting with State working level folks in the near future. Maybe we can tack this onto the agenda. We can discuss further on Monday at our pre-meeting.

Michele

Subject: update on CA AE work?

Hi Michele,

I'm following up from our conversation earlier today. Is it possible to schedule a meeting between R9, HQ staff working on AE data, and DOGGR to talk about DOGGR's progress in pulling together their AE data? We are wondering about their schedule for completion in comparison to our plans to update the UIC master list of AEs and the development of a GIS dataset for public release. The week of June 15-18 or 23-26 may be the best time for HQ and Cadmus staff to attend.

Thanks for any help/insights you could give,

Jill
